Hi All,

Attached, for your review and comment, is an embargoed draft of the letters we  
will be sending to participants to notify them of their urine results. This  
version is circulating through ATSDR's review process as well, so there is  
time to revise if needed. We are hoping to send them out in the next week or  
so.

If you have comments and/or changes you'd like considered, please provide them  
back to me by COB, Monday 11/28.

Thanks,  
Jae
